God/Goddess Scavenger Hunt

Directions:

The object of this scavenger hunt is for your team to get all the pieces to put your god/goddess together. The questions below are your clues. Read each question and as a group come up with what you think to be the correct answer. Then go to the appropriate place in the room and find the envelope with your answer on it. Don’t open it yet! Once you have done this for all of the clues go to a place in the room and open up all of your envelopes. If you have answered all of the clues correctly then once you put your pieces together you should have a picture of your god/goddess. If one piece doesn’t fit, then go back and try to find the right one. Good luck!!!
