

## Finding P(EQ) and P(EQ)FYS Sections in NazNet

There are now separate subjects for the P(EQ) and P(EQ)FYS courses, which you can see in the *Subjects* drop-down menu in the *Search for Sections* screen in NazNet. Please see the P(EQ) FAQ's for more details about P(EQ) and P(EQ)FYS courses.

### NazNet Search

To retrieve all PIs and P(EQ)s for a specific subject, we recommend that you select both the regular subject and the same subject with the “.Q” or “.F” added and select “PI – Perspectives I” from the *Course Attributes* menu. Please note, the regular subject descriptions have been updated to help point to the new “.Q” and “.F” subjects.

The screenshot shows the 'Search for Sections' page in NazNet. The interface includes a navigation bar with 'LOG IN', 'MAIN MENU', 'PROSPECTS MENU', 'HELP', and 'CONTACT US'. Below the navigation bar, there is a 'PROSPECTIVE STUDENTS' header and a 'Welcome Guest!' message. The main content area is titled 'Search for Sections' and contains a search form. The form has the following fields and options:

If you are only interested in finding PI's, regardless of subject, leave the subject line blank in *Search for Sections* and select “PI – Perspectives I” from the *Course Attributes* menu. Because P(EQ)'s count as PI's, all P(EQ) offerings will appear in the search results.
